

All About Miss Angelvedt

My name is Kayla Angelvedt and this is my second year teaching at St. Teresa. I teach phys ed with Mrs. Mauro and I also support our Pre-Kindergarten and Kindergarten teachers and students. Prior to joining St. Teresa I have taught Kindergarten and grade one.

I am very blessed to be a part of the close knit community St. Teresa has and look forward to continuing to build connections with our amazing students and their families. In my spare time I enjoy helping out on the farm and spending time being active with friends and family.
