Insights

- We are extremely proud of our safe and caring schools measure of 96.3%. St.Teresa of Avila is a caring and safe school. We pride ourselves on providing an environment where everyone feels safe and where learning can take place.
- We believe that our continuous focus on providing diverse and inclusive academic programs to meet the needs of all learners has helped us achieve 97.5% satisfaction with the quality of education offered at our school.
- We continue to seek input from all stakeholders in order to enhance and improve our school.

Faith Survey Results

100% Percentage of students reporting that they learn about the Catholic Faith at school.

97% Percentage of students reporting that their teachers show them what it is like to develop a relationship with Jesus.

98% Percentage of parents reporting that they believe that our school communities have brought members to a deeper relationship with God through an understanding and participation in prayer.

100% Percentage of teachers who believe students are more comfortable talking about faith as a result of being in our schools.

Targeted Areas

- Each year we focus on two characteristics of Catholic Identity. These focus areas allow us the opportunity to examine, "Who are we?"
- The permeation of faith into every learning experience is a focus area for our school. We want our students to see God in all things.
- Through works of social justice students are taught that all people are made in God's image.

Future Priorities

Recognizing the impact of COVID-19 on student learning, teachers are working on adapting student learning by using learning progressions. We will continue to ensure we are understanding where students are in the learning progression, while developing a strong plan to meet their diverse learning needs.

Mental health will continue to be a focus area at St.Teresa of Avila. Our school-wide mindfulness focus will continue to be used to support student mental health. Staff will also be supported with strategies to create trauma sensitive classrooms. Trauma sensitive learning environments will build relationships and allow children to grow, thrive and learn.
